OUR STUDENTS

121 highly motivated young men and women. 121 lives transformed.

In August 2007, 121 students entered Cristo Rey Jesuit High School as members of the inaugural freshman class. Seeking a private, college preparatory education that would open opportunities for them, they pledged themselves to four years of hard work—in the classroom and in a real-world job. They face significant challenges. The college prep curriculum is tough. The days are long. Expectations are high.

A demanding, intensive program of study, a responsible job, and an impressive commitment. These set Cristo Rey Jesuit students apart from their peers.

OUR PROGRAM

121 students. 121 jobs. 121 bridges to the future.

Our unique educational program begins to transform the lives of students from low-income families from the day they enter Cristo Rey Jesuit. A rigorous academic program complemented by work in the offices of our corporate sponsors engages students.

In teams of four, students share full-time jobs in professional office settings throughout the Baltimore area. These job experiences expose students to a variety of career paths, teach them the relevance of their education, and equip them with the confidence to pursue their dreams.

This year, Cristo Rey Jesuit students in Baltimore will earn a total of \$575,000 toward their education. They made a commitment to their education. Now we invite you to make a commitment to them by making a gift to the **Bridges to the Future Fund**.

GIVING LEVELS
